OT ACTIVITY: TURKEY STAMPS

Materials: Toilet Paper Tube, Paint, Marker

Here is a fun turkey craft that doubles as a fine motor and eye-hand coordination activity!

Start by bending a cardboard roll into a turkey body shape for your kiddo. Add a little paint to a tray, and it's ready to go!

Use the paper roll stamps to press into the paint and then stamp onto the paper together. Don't forget to add the feathers using finger paint or a paint brush to target that fine motor skill. Add eyes and a beak, you got a turkey!

ST ACTIVITY: SCAVENGER HUNT

Materials: A Bag, Glue and Leaves

Bundle up, grab a bag and head outside! We're going on a leaf hunt! Gather different colored leaves.

Glue the leaves you found on paper. Remember, each part of this activity is an opportunity to create a language enriched environment!

Use descriptive words such as big/small and colors (red, yellow, brown) and texture to talk about the leaves you found. Use play sounds (crunch! woosh! poke!) to animate each step of this activity.

ILLNESS PREVENTION POLICY
